

2026 Fall Season Occupancy Report as of September 1, 2026

Based on an average of 347 Rooms/Vacation Homes

About this report: This occupancy report provides a snapshot of accommodation performance across Silver Star, compiled from data submitted by our accommodation partners.

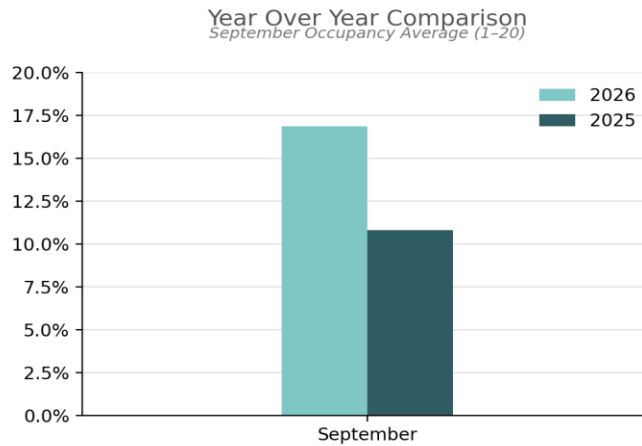

September 2026 (1–20) is showing 16.8% occupancy, up 6.0 percentage points from the same period in 2025 (10.8%). Demand peaked at 35.2% on September 5, with September 4 close behind at 32.9%, both driven by the September long weekend. Occupancy eased through the remainder of the month, settling into the 10–12% range by September 14–20. Daily occupancy in 2026 sits above the 2025 comparison on nearly every day in the period, consistent with the year-over-year growth trend reported earlier in the season.

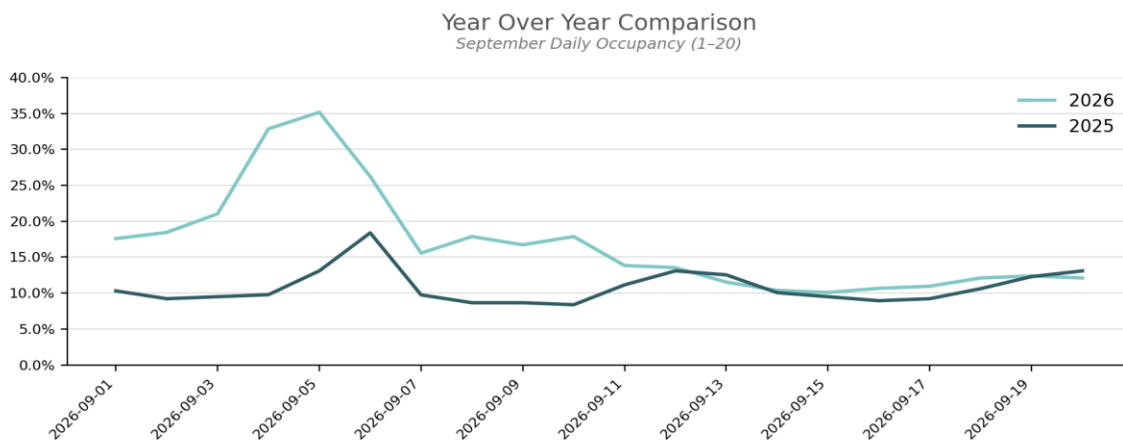

Daily occupancy for September 1–20, 2026 averages 16.8%. Demand is concentrated around the September long weekend (September 4–6), then eases through the rest of the month.
